Amounts of DKK 100 and less will not be repaid. The premium for the shorter coverage period will be computed as per the price list for Gouda's single trip insurance with Super coverage within the geographical area (EU/EEA, Extended Europe and World).

- b)** If the insurance has not become effective and if Gouda receives the notice of termination before the effective date, the full premium less an administrative fee of DKK 100 will be refunded.

35. Index-based adjustment of prices

The prices will be adjusted by an index each year at the main due date for the policy on the basis of Statistics Denmark's published consumer price index for the month of September (the price change in relation to September of the prior year). If the consumer price index ceases to be published, or is fundamentally changed in its calculation, then Gouda is entitled to establish new rules for future index-based adjustments.

36. Claims

- a)** You are obliged to obtain and provide the information necessary for Gouda to be able to decide whether and to what extent the claim is entitled to be covered. This will be for example original police reports, third party statements from for example travel guide, hotel staff or other relevant people. See also section II – "What to do if...".

Gouda guarantees full discretion in connection with such information.
- c)** Gouda is entitled to demand that you subject yourself to an examination (including collection of blood sample) by Gouda's physician or a physician designated by Gouda. In case of death, Gouda is entitled to demand an autopsy. In that case Gouda will cover all costs of the above. If, in spite of Gouda's request, no autopsy is carried out, the right to compensation may lapse.
- d)** You are obliged to forward original documentation for costs or damage for which compensation is requested, including original purchase receipts, warranty certificates, police reports, reports from the transport company, etc.
- e)** Arrangements regarding transport may be limited in countries at war or the like. Gouda is not responsible for the extent to which transport may be possible, but will in cases where help is necessary co-operate with the Ministry of Foreign Affairs.
- f)** Costs of transport not arranged by Gouda will be covered as a maximum with the costs Gouda would have incurred if arranging similar transport, however, as a maximum with an amount corresponding to the price of an airline ticket - maximum economy class. See however point 11.2 a.
- g)** Compensation is paid as soon as Gouda has received the information considered necessary in order to determine Gouda's liability to pay compensation.

- h)** After each reported claim, the insured or Gouda shall be entitled to terminate the travel insurance with 14 days' notice. This must be done in the period from the reporting of the claim and until 14 days after payment or rejection of the claim. Gouda does not repay the premium – wholly or in part – if the insurance is terminated by the insured according to the agreement after the effective date.
